

SOUTH LONDON CARES

Face-to-Face Social Club Guidelines – May 2021

To make sure our face-to-face Social Clubs are an enjoyable and safe experience for everyone, we ask that everyone reads and agrees to the following guidelines:

- **The number of spaces available at each Social Club will be informed by current government guidelines and the venue being used for the club.**
- **Please do not attend if you have coronavirus (COVID-19) symptoms – a high temperature, a new continuous cough, or a loss or change to your sense of smell or taste – or have been told to self-isolate.**
- **Please do not arrive early to the Social Club, and please leave promptly at the end, so that South London Cares staff have time to prepare for the club and clean.**
- **All neighbours are required to wear a mask or visor when appropriate, unless they are exempt. South London Cares can provide you with a mask or visor and will explain at the start of each club when they need to be worn.**
- **Please sanitise your hands with the hand sanitiser provided at the start of the club.**
- **Chairs and seating will be arranged in line with current social distancing regulations.**
- **All seating and equipment will be cleaned with antiviral spray before and after the club.**
- **South London Cares will not provide refreshments during the club. However, you may bring or purchase your own refreshments. Please do not share any food or drink you bring or purchase.**
- **Please contact Enoch or another South London Cares staff member if you develop coronavirus (COVID-19) symptoms or are told to self-isolate in the 2 week period following the club.**

Please call **0207 118 0404** if you have any questions
